### **PROGRAM OF STUDY AT THE COMMUNITY COLLEGE**

Complete the A. A. degree at the community college. Some courses required for the major may also meet the General Education Requirements, thereby transferring maximum hours to the university.

If you transfer without an A. A. degree and have less than 60 semester hours of acceptable credit, you must meet the university's entering freshmen requirements, including ACT or SAT test scores and GPA.

Students are encouraged to complete the following required common prerequisites during the program of study at the community college:

(P\*) Proficiency by testing or completion of intermediate level Spanish.

(P\*)=Students may be admitted to FAU upper-division without having completed this course; however, the course must be completed before graduation and may cause excess hours.
