**COURSE TITLE                              Ethics in Applied Behavior Analysis**

**CATALOG DESCRIPTION**

The objective of this graduate course is to enhance understanding of ethical & legal issues behavior analysts often face when working in the field. This course also aims to build capacity for correctly implementing behavior analytic procedures & equipping students with the skills & knowledge needed to become ethically & professionally skilled behavior analysts.

**PREREQUISITES:**

EEX 5612, EEX 6615, EEX 6609, EEX 6602, EEX 7618 *with grades of "B" or higher*; admission to a graduate degree program in Exceptional Student Education or a closely related major (CEDU; COED; CIYN; ELEM; EPSY), OR permission from instructor.

**COURSE CONNECTION TO CONCEPTUAL FRAMEWORK**

The Department of Exceptional Student Education has been approved to offer an *Approved Course Sequence (ACS)* for the preparation of graduate students to meet the requirements to become a *Board Certified Behavior Analyst (BCBA)*. These course requirements have now been expanded by the *Behavior Analyst Certification Board (BACB)* so as to call for dedicated content in ethics. This course is designed to meet and exceed the requirements of the BACB as put forward in the *Coursework Requirements for BACB Credentials, 4<sup>th</sup> Edition Task List*. Specifically, this course meets this requirement:

*Course Content Requirements: A. Ethical and Professional Conduct*

*The content must be taught in one or more freestanding courses devoted to ethical and professional conduct. The content should be based on the BACB Professional Disciplinary and Ethical Standards and the BACB Guidelines for Responsible Conduct for Behavior Analysts.*

### **REQUIRED TEXTS**

- Bailey, J., & Burch, M. (2016). *Ethics for behavior analysts: 3rd edition*. New York, NY: Routledge
- Bailey, J. & Burch, M. R. (2010). *25 essential skills and strategies for the professional behavior analyst*. New York, NY: Routledge.

As other readings and/or articles are assigned, they will be provided via FAU library or FAU Blackboard.

### **TECHNOLOGY**

Your FAU email address and MyFAU will be used extensively. If you have not already signed up for an FAU email, please do so.

Students will be required to access Blackboard in a variety of ways. These include, but aren't limited to quizzes, discussion responses, and accessing class materials. This course is being taught asynchronously, which means there will be no live, face-to-face meetings- not in a classroom nor online. This is a true, distance-learning course.

### **Critical Assignments, Live Text, and the COE Assessment System**

Many courses in the ESE Department contain Critical Assignments (CAs), and the Department requires that students demonstrate mastery in these CAs. For *this* course however, students do

not need to purchase *Live Text* to track the CA. Students are advised that they might need to purchase *Live Text* for other courses in the College of Education or this Department.

### **COURSE OBJECTIVES** (see Appendix A)

By the end of this semester, students will have demonstrated their ability to describe the *Behavior Analyst Task List-Fourth Edition* in the following areas:

1. Apply knowledge of these principles to make decisions about ethical practice in applied situations. (CECEP: A, F, G, H, J) (BACB Task List C-01 thru C-03; D-02 thru D-04; D-15 thru D-21; BACB Guidelines 1.01 thru 1.07)
2. Discuss relevant ethical issues as they are depicted in various professional scenarios. (CECEP: B, C, D, G, I, K) (BACB Task List H-01; I-05, I-06; BACB Guidelines 5.01 thru 5.11; 6.01 thru 6.06; 7.01 thru 7.04; 8.01)
3. Demonstrate knowledge of professional conduct and ethical behavior as it applies to personal practice and experience in the field. (CECEP: K, L) (BACB Task List E-04; F-01; K-01 thru K-06; BACB Guidelines 2.01 thru 2.16; 3.01 thru 3.05; 4.01 thru 4.12)
4. Understand how ABA research is to be conducted in an ethical manner and know the institutional and societal expectations for such practice. (CECEP: F, I) (BACB Task List A-08; K-07 thru K-10; BACB Guidelines 10.01 thru 10.24)
5. Describe the essential professional skills and strategies a behavior analyst must present when interacting with parents, clients, and related service providers. (CECEP: D, E, K) (BACB Task List G-01 thru G-08; BACB Guidelines 6.01 thru 6.06; 8.01; 9.01 thru 9.08)
6. Identify and use evidence-based criteria for examining empirically-validated interventions. (CECEP: F, G, H, A) (BACB Task List B-02; J-02, J-04 thru J-10; BACB Guidelines 2.10; 3.01 thru 3.05; 4.01 thru 4.08; 10.19; 10.23)

## **COURSE CONTENT/OUTLINE**

- Responsible conduct of a behavior analyst
- The behavior analyst's responsibility to clients and colleagues
- Assessing behavior in a responsible and complete manner
- The behavior analyst and the individual behavior change program
- The behavior analyst as teacher and /or supervisor
- The behavior analyst and the workplace
- The behavior analyst's ethical responsibility to the field of behavior analysis and society as a whole
- The behavior analyst and research
- The disciplinary and ethical standards and disciplinary procedures of the Behavior Analysis Certification Board
- Applying knowledge of ethics in ABA to decision making
- Essential professional skills for behavior analysts
- Using ABA to work with others, for self-management, and for increasing person productivity
- The behavior analyst as behavior trainer, coach, and mentor
- Systems for ensuring ethical practice in state funded behavioral services

## **COURSE REQUIREMENTS**

### **1. Readings**

Each week students will be responsible for completing the assigned readings. Required readings will include chapters from the textbooks, articles, and/or other materials. Students will be held accountable for the weekly reading through the online quizzes and discussions on Blackboard and in class.

#### **a. Online quizzes**

Each week, there will be a short online quiz on Blackboard. These quizzes will cover the information from the assigned readings and class discussions of that week. There will be a total of 10 multiple-choice questions per quiz. These quizzes are open-book/open-note quizzes, however they are timed. Therefore, you should read and review your materials prior to taking the quiz because there will not be enough time to look up every answer. The total amount of time allotted per quiz will equate to 2 minutes per question so students will have a total of 20 minutes to complete the quiz. Collaboration with others during the taking of the quiz is considered cheating and is prohibited. Quizzes will open after class and will close prior to the beginning of the next class. Please make sure you are aware of the due dates as deadlines are firm and no make-up quizzes will be allowed. You will only be provided access to the quiz once.

#### **b. Discussion posts**

Throughout the semester, there will be 5 discussion prompts posted on the discussion board of Blackboard. The prompts will be based on the reading and/or previous week's discussion and may pose a question or provide a scenario. Students will be required to provide a well-constructed, high-quality response in the form a paragraph (containing 5 or more sentences). Responses will reference the core ethical principles outlined in the BACB Codes and Burch & Bailey books. Responses should

be a minimum of 1 paragraph and not exceed 3 paragraphs. A grading rubric is provided in Appendix B. Students are required to respond to at least 1 other post. Discussion posts cannot be made up and late responses will not be accepted. The discussion board will close when the due date expires. Posts will be reviewed and discussed further in class.

## 2. **Presentation**

Each student will conduct 3 mini-lessons in which they present the content from 3 chapters in Bailey and Burch's *25 Essential Skills and Strategies for the Professional Behavior Analyst*. Students will prepare a PowerPoint for each of their selected lessons and present between 15-20 minutes in length. PowerPoints are to be submitted to me prior to the due date for posting on Blackboard. Students will include 3 behavioral objectives for the mini-lesson and turn this in with the PowerPoint for grading.

Selections of the mini-lesson topics will be conducted via Google Docs. A grading rubric is provided in Appendix B.

## 3. **BCBA interview**

Students will conduct a face-to-face or phone interview of approximately 30 minutes with a BCBA, BCaBA, or RBT to discuss one ethical and one professional issue that he/she may have encountered in his/her practice. Students should briefly describe each issue as shared by the BCBA, BCaBA, or RBT then describe how you think the issues could have been handled based on your knowledge of ethics and professional behavior. Responses should be between 3-5 pages and should be related to the BACB Codes and/or the Bailey & Burch (2016) textbook. This assignment is due midway through the semester, so it is strongly recommended that you contact your interviewee early in the semester. Students may not interview the same BCBA, BCaBA, or RBT therefore you will need to confirm with your interviewee that they have not already agreed to conduct the interview with someone else. Final interviews will be submitted through Blackboard.

## 4. **Participation**

Active and meaningful participation is essential for this class. We will be discussing controversial topics related to ethics and making connections to how these areas relate and apply to our own field experiences. It is critical that students complete the readings prior to class so they are able to reflect and participate in these discussions. Of equal importance is valuing fellow classmates' opinions and maintaining a safe learning environment, therefore it is expected that courteous and respectful behavior will be maintained during classroom discussion and in response to online posts. It is expected that students will appropriately manage their use of laptops and cell phones so as to respect the instructor and fellow classmates.

This semester, we will be using Socrative as one tool for assessing participation. You can access Socrative on the web (<http://socrative.com>) or download the app for free (<http://socrative.com/apps.php>) We will review this platform on the first day of class.

## 5. **Exam**

There will be 1 final exam. The exam will be comprehensive in that they it will cover all material presented in the weeks prior. The midterm exam will focus on the content of the BCBA Compliance Codes and ethical dilemmas. The final will require students to respond to ethical scenarios with principle-based decisions. All exams will be multiple choice and short response and will be taken in class.

## **ASSESSMENT PROCEDURES**

<b>Assignment</b>	<b>Points</b>	<b>% of Course Grade</b>
Online quizzes (10 quizzes/10 pts. each)	100	40%
Exam (50 pts)	50	20%
Presentations (3 presentations/15 pts. each)	45	12%
Interview	25	10%
Discussion posts (5 posts/5 pts. each)	25	10%
Participation	20	8%
<b>TOTAL</b>	<b>265</b>	<b>100%</b>

*Points are subject to change due to academic calendar and syllabus adjustments*

### **GRADING (ESE GRADING SCALE)**

Activity scores are cumulative and the grade scale represents percentage of total points earned.

A = 93-100	A- = 90-92	B+ = 87-89	B = 83-86
B- = 80-82	C+ = 77-79	C = 73-76	C- = 70-72
D+ = 67-69	D = 63-66	D- = 60-62	F = Below 60

### **PROFESSIONAL ETHICS / POLICIES AND EXPECTATIONS**

Successful graduate students, and students pursuing certification as professional behavior analysts, are reflective decision-makers who practice ethical behavior during class and in the community. Professional demeanor is a firm expectation in FAU courses, and includes attendance, participation, and responsible attention to requirements and deadlines. Students are also expected to demonstrate a professional demeanor in the application of their behavioral practices and consultations with students, their families, and with other educators.

**Audio or Video Recording Policy:** Any student wishing to record any portion of class activity must first obtain the permission of the instructor. For students with disabilities, please provide documentation from the Office for Students with Disabilities if you are seeking an accommodation in this regard.

## **POLICIES AND PROCEDURES**

To avoid learner confusion or disappointment, the following are assumptions and expectations for this course:

***University Attendance Policy:*** Students are expected to attend all of their scheduled classes and to satisfy all academic objectives outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class.

### **Course Policies:**

1. The course carries three (3) credits. Students are expected to complete course requirements sufficient to earn three credits during the time-span of the course.
2. Students are encouraged to talk with the instructor if there are concerns or problems relating to the course.
3. All **written assignments** must be typed, double-spaced with the name of the assignment. All assigned projects will be discussed in class and a format provided for each.
4. Due dates for assignments are provided in the course outline and will be enforced. Late submissions will not be accepted.

### **Attendance Policy**

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class. Reasonable accommodations are made for religious observances.

***Students With Disabilities:*** In Compliance with the Americans with Disabilities Act (A.D.A.), students who require special accommodations due to a disability to properly execute coursework must register with the Office for Students with Disabilities (OSD) located in Boca – SU 133 (561-297-3880), in Davie – LA-203 (954-236-1222), or in Jupiter – SR 117 (561-799-8585) and follow all OSD procedures. The purpose of this office “is to provide reasonable accommodations to students with disabilities.” Students who require assistance should notify the professor immediately by **submitting a letter from the Disabilities Office to your instructor** requesting your need of specific assistance. Without such letter, the instructor is not obligated to make any accommodations for students.

***Honor Code:*** Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty, including cheating and plagiarism, is considered a serious breach of these ethical standards, because it interferes with the University mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see [www.fau.edu/regulations/chapter4/4.001\\_Honor\\_Code.pdf](http://www.fau.edu/regulations/chapter4/4.001_Honor_Code.pdf).

**Subject:** Adding Academic Service Learning to SCE 6151 curriculum sent to College of Education GPC

Hi Everyone,

Apparently, this was not attached to a request I sent to everyone on 10/18 for no conflict.

Departmental faculty would like to add Academic Service Learning (ASL) to existing courses, SCE 6151, Science: Elementary and Middle School and SCE 4113. Please see the attached form, syllabus, ASL signed approval from the Weppner Center, and an explanation/rationale.

Please reply either no conflict or conflict (with explanation).

Thank you,

Barbara
