Navigate Canvas

WHERE DO I GO TO LOG IN TO CANVAS?
- Go to canvas.fau.edu and log in with your FAU netID and password.

WHEN CAN I SEE MY COURSES IN CANVAS?
- Courses are loaded into Canvas around the advanced registration period (2-3 months before start of term). Students will see their courses once their instructors publish their courses. If you do not see your course on your Dashboard, click on the "Courses" button in the blue global navigation menu on the left and then click "All Courses." Alternatively, you can go to https://canvas.fau.edu/courses to access this list.

HOW DO I LEARN TO USE CANVAS?
- Be on the lookout for various learning opportunities. Roadshows and Canvas Tech Talks will be offered at each college. A schedule of events can be found at techevents.fau.edu.
- Tech Talks will also be available outside of the scheduled college visits. You can request group sessions, personalized one-on-one sessions, and virtual appointments. You can also view online how-to's and videos to help get you started.

CAN I USE ANY BROWSER WITH CANVAS?

Canvas officially supports the last two versions of every browser release. Canvas highly recommends that you update to the newest version of whichever browser you are using as well as using the most up-to-date flash plug-in.
- As of October 18, 2016, Canvas supports the following versions of Flash and popular web browsers:
