2015 Teaching with Technology Showcase

- The Jupiter Campus hosted the event for the first time on April 17, 2015.

- The event was organized by Northern Technology Services (OIT-NTS), and sponsored by FAU Jupiter Administration and the Center for eLearning.

- The event had 16 sessions throughout the day, which covered different technology topics. Examples of some topics included how to use smartphones in the classrooms, best practices of social media in online education, and innovative tools for enhancing student engagement, among other.

- The event was well attended. Overall, more than 100 people participated.

- Evaluation Forms showed that 94% were very satisfied with the event, and all of them (100%) indicated that based on their overall experience at the conference they will attend (or recommend someone else to attend) future Teaching with Technology Showcases.

## Computer Labs, Videoconference, & e-Classrooms Upgrades

Throughout the year we were able to upgrade 37 facilities in all the partner campuses. More specifically:

Davie Campus:

- 19 e-classrooms (Building: 120, 132, 148, 233, 234, 321, 331, 332, 339, 341, 404, 447; ES Building: 120, 121; Davie West Building: 103, 107, 108, 109, and 110.)
- 1 e-classroom with recording capabilities (ES-455)
- 1 Computer Lab (HEC-611)
- 3 Instructional Computer Classrooms (LA-303D, ES-105, LA-121)
- 3 Conference Rooms (SD-105, ES-225, LA-204)

Jupiter Campus:

- 4 e-classrooms (AD-103, AD-104, AD-204, AD-206, AD-222, AD-279)
- 2 videoconference facilities (AD-204, RF-148)
- 2 Computer Lab (LIB-105A, Student Burrow Area)
- 1 Instructional Computer Classrooms (AD-122)
- 1 Conference Room (AD-222)

37 Upgraded facilities

24 Electronic classrooms

Computer Labs **7**

2 VC rooms

conference rooms **4**

Other Accomplishments

- Helpdesk Tickets Completed: **2,523 tickets** (1,813 in the Broward campuses & 710 in the Jupiter Campus).

- Support of Campuses Events: **231 events** (85 in the Broward campuses & 146 in the Jupiter Campus). Including events such as:

  - Tiger Wood Foundation Stem Conference: The event brought more than 300 parents and students in grades 7-12 for a free one-day STEM (science, technology, engineering, math) Career and College Conference

  - Mu Alpha Theta Annual High School Math Competition | Davie Campus: The event brought more than 1,200 high school students, their teachers, and their families to the campus.

  - The Owl Games

  - Florida Future Educators of America Conference

  - SeaTech 15th Anniversary Events

- Broward Campuses & Jupiter Campus Web Sites Upgrades (August 2014)

- Digital Signage Upgrade - We were able to upgrade all the mini PCs (20) that are behind the TVs, which allow us to upgrade the system that we use (Four Winds) to its latest version. This provided more flexibility to the users, and it also eliminated some of the "crashing" that were we experiencing on a regular basis with some of the TV displays.

- Hire a new person for the Computer manager position in Davie – Jasmine Morales
