Bachelor or Architecture Catalog Change

See change in Year 5 (Thesis Level) table.

Upper-Division Professional Degree Course Sequence

All students admitted to the B.Arch. program are expected to enter the professional course sequence with the ability to prepare graphic presentations utilizing normative, descriptive, architectural drawing techniques.

A minimum grade of "C" is required for each architecture (ARC-prefixed) course, including electives. A grade of "C-" or below does not meet this requirement. When a grade below a "C" is earned, the course will not count toward any portion of the 159-credit requirement. The 159-credit requirement must be met by all students seeking the first professional B.Arch. degree.
