The justification for the removal of 3 credits from the Commercial Music Minor degree is to lessen the burden on students in the program. Since the CM Minor is basically a CM business minor, the course in question focuses on history and is out of context for this degree.

### Commercial Music Minor

The minor in Commercial Music is open to all FAU students. Students must contact the Commercial Music Department to apply to the minor. All credits toward the minor must be earned at FAU, and all courses must be completed with a "C" or better.
