Hello Emily,

Here is the first. As I get these, I will send them along. They should be included in the course change materials.

Best,
Eric

Subject: Art History Program change

Hello all,

I am contacting chairs/directors in related or affected departments for comments and approval regarding a proposed change to our art history program. For some time, art history has taught its upper division courses as 4CR. The history and rationale for this is a bit murky, but there is a proposal now to shift all art history (including graduate courses) to 3CR. This proposal brings art history in line with standard practices within the SUS as well as nationwide. This also solves a longstanding problem with scheduling general use classroom spaces. Additionally, this move facilitates clean acceptance of transfer credits from institutions who are already using the 3CR standard.

In terms of course content, the art history faculty have been over-teaching what would have been appropriate for each level of course. The reduction in credit and contact hours will actually align better with the expectations within the discipline.

Your particular area may or may not be affected by this change, but as a courtesy we are reaching out to those we felt most obviously able to comment for your review and approval.

Marina, I realize changes in the housing of Philosophy may preclude your representation. Please let me know to whom I should address this if you do not feel in a position to comment.

Best,
Eric Landes

Good morning Eric,

Thank you for including me in your notification for the art history program change.

Bill Trapani is the current head of the philosophy department. However, since I have worked for so many years with the department's curriculum and since I am also the CUPC philosophy representative, I have offered my assistance to Bill regarding curricular matters. So I am taking the liberty to reply to you, although this does not constitute an official letter of support from the department.

I do not anticipate that the philosophy department will be affected in any way by the changes to the art history program change.

I am copying Bill on this reply, so if you need an official email from our department supporting the change, please contact him directly and I am sure he will provide it.

Best regards,

Marina
