Hi Julie,

I spoke with Susannah Brown in my department, and she said that these changes will only help the program and bring the teacher certification degrees into compliance too as these 2 degrees have been operating under a waiver for 126 credits since long before I arrived at FAU. She also asked me to remind you that the teacher certification tracks of both BA and BFA degrees will also need to go through the curriculum process as these are degrees in their department (apparently there was an issue before that she did not want to repeat?).

Please let me know if I can be of further help.

Thanks,

-Paul

Subject: VAAH 3CR Transition

Hello,

I am contacting chairs/directors in related or affected departments for comments and approval regarding a proposed change to our Bachelor of Arts with Major in Studio Art, Bachelor of Fine Art with Major in Graphic Design, and Bachelor of Fine Art with Major in Studio Art.

For some time, studio art has taught its upper division courses as 4CR. The history and rationale for this is a bit murky, but there is a proposal now to shift the BA and all BFA's in studio art to 3CR. This proposal brings studio art in line with standard practices within the SUS as well as nationwide. This also solves a longstanding problem with scheduling. Additionally, this move facilitates clean acceptance of transfer credits from institutions who are already using the 3CR standard.

In terms of course content, the studio art faculty have been over-teaching what would have been appropriate for each level of course. The reduction in credit and contact hours will actually align better with the expectations within the discipline.

Your area may or may not be affected by this change, but as a courtesy we are reaching out to those we felt most obviously able to comment for your review and approval.

Best,

Julie Ward

Chair of the VAAH Departmental Undergraduate Program Committee

SCMS is fine with this, as well.

Hello Julie,

Architecture would not have a problem with this.

Thank you,
Jeff

Hi Tom

Our foundation classes are already 3 credits-
Drawing 1, 2D, 3D, and Digital Art.

Drawing 2 is in our foundation core sequencing but it is 4 credits, and all others drawing classes are 4.

Hi Julie,

Thanks for the reach out. This would affect the drawing classes correct?
