	Department Economics College Business																																
Program Name General Economics	<input type="checkbox"/> New Program <input checked="" type="checkbox"/> Change Program	Effective Date (TERM & YEAR) Summer 2022																															
Please explain the requested change(s) and offer rationale below or on an attachment As a department we unanimously voted (16-0) to eliminate the requirement of "one course" in International Economics for General Economics majors and replaced it with an "additional" economics elective. This will allow students to select from a wider variety of elective courses.
