 FLORIDA ATLANTIC UNIVERSITY	NEW/CHANGE PROGRAM REQUEST Undergraduate Programs	UUPC Approval <u>3-1-21</u> UFS Approval _____ Banner Posted _____ Catalog _____
	Department N/A College Wilkes Honors College	
Program Name Concentration in Biological Anthropology	<input type="checkbox"/> New Program <input checked="" type="checkbox"/> Change Program	Effective Date (TERM & YEAR) Fall 2021
Please explain the requested change(s) and offer rationale below or on an attachment 1) Remove ANT 4495 Honors Research Methods in Cultural Anthropology from the list of electives. 2) Add ANT 4495 to the Required Courses section as an alternative to ANT 4417 Honors Theory in Cultural Anthropology. The new text will read "ANT 4495 or ANT 4417". 3) Replace ANT 4970 and BSC 4970 with IDS 4970 Honors Thesis. The total number of credits required for this concentration does not change.

BIOLOGICAL ANTHROPOLOGY

Description:

Biological anthropology is the study of the physical aspects of humans, primates, and their ancestors. The field of biological anthropology encompasses several areas of study including primatology, paleoanthropology, human evolution and adaptation, genetic variation, forensic and medical anthropology. The Honors College concentration in biological anthropology is designed for students who are interested in pursuing a career in medicine or who want to combine their interests in biology and anthropology. Students are encouraged to undertake an internship or study abroad program related to their specific areas of interest, such as primatology, forensics, or cross-cultural health care. Examples of internships that Honors College students have done include the Primate Enrichment Program at the Palm Beach Zoo, and the Himalayan Health Exchange study abroad program.

Students with a concentration in Biological Anthropology may pursue careers in fields such as medicine, holistic health, forensics, nutrition, biostatistics, kinesiology, biomechanics, genetic counseling and public education. Biological Anthropology concentrators who plan to attend medical school are strongly encouraged to familiarize themselves with our pre-med guidelines

(<http://www.fau.edu/honors/academics/majors/pre-med>) and take the courses required for medical school and recommended for MCAT preparation, in addition to the requirements for the biological anthropology concentration.

Concentration Board Members:

Dr. Rachel Corr (<mailto:rcorr@fau.edu>)
Dr. Jacqueline Fewkes (<mailto:jfewkes@fau.edu>)
Dr. Jon Moore (<mailto:jmoore@fau.edu>)
