## Bachelor of Music: Performance (Piano Performance and Pedagogy Option) + Master of Nonprofit Management

**GPA Requirements:** All music degree programs are selective access, and require an audition for entry. Entry into the Master of Nonprofit Management requires a minimum GPA of 3.25 in the last 60 credit hours.

**Shared Coursework:** The BM/MNM combined degree program enables outstanding students to graduate with both a Bachelor of Music: Performance (Piano Performance and Pedagogy Option) and a Master of Nonprofit Management in as little as five years. The program is 153 credits. Students complete 120 credits for the undergraduate degree and 33 credits for the graduate degree. Students complete the undergraduate degree first, taking no more than 12 credits of graduate coursework, up to ten of which could be shared, during their senior year, which are then used to satisfy requirements for both degrees. Prospective students must formally apply to this program and meet all admission requirements.

Certain required courses for the BM in Performance (Piano Performance and Pedagogy Option), such as one-on-one applied lessons or performance ensembles are cross-listed with graduate courses. These include, but are not limited to:

- Applied Music Piano (MVK4441/ MVK6351) – 2 credits (x2 semesters)
- Instrumental Chamber Music (MUN4463/ MUN6465) – 1 credit (x2 semesters)
- Other performance ensembles

These graduate course numbers could be a substitute for the undergraduate numbers during senior year, doubling as elective credits in the MNM, for up to six credits of overlap. This BM degree also includes four elective credits. Between these graduate music substitutions and borrowing elective credits from the BM, up to ten credits could be shared, although this combination would function with a minimum of six shared credits.

## Bachelor of Arts in Music + Master of Nonprofit Management

**GPA Requirements:** All music degree programs are selective access, and require an audition for entry. Entry into the Master of Nonprofit Management requires a minimum GPA of 3.25 in the last 60 credit hours.

### **Shared Coursework:**

The BA/MNM combined degree program enables outstanding students to graduate with both a Bachelor of Arts in Music and a Master of Nonprofit Management in as little as five years. The program is 153 credits. Students complete 120 credits for the undergraduate degree and 33 credits for the graduate degree. Students complete the undergraduate degree first, taking no more than 12 credits of graduate coursework during their senior year, which are then used to satisfy requirements for both degrees. Prospective students must formally apply to this program and meet all admission requirements.

The BA in Music includes 37 elective credits, at least nine of which must be upper division. Up to 12 graduate credits in the MNM could serve as these BA elective credits, although this combination would function with a minimum of six shared credits.
