Dorothy F. Schmidt College of Arts and Letters
Re: Support for Undergraduate Research Certificate

The Dorothy F. Schmidt College of Arts and Letters is pleased to provide support for the proposal for an *Undergraduate Research Certificate* being developed by the Office of Undergraduate Research and Inquiry. The proposal has been reviewed by faculty within the College through our Chairs and Directors and has received unanimous approval from our Undergraduate Programs Committee. Feedback has been provided and incorporated with this certificate to ensure that students from the various majors within our college will be eligible. As a college, we value the undergraduate research and inquiry initiative and its significant benefit to developing translational skills, and to student retention and success. We look forward to offering this Certificate to our undergraduate students, to recognize their excellence in undergraduate research.

Dear Donna and Tricia:

The College of Engineering and Computer Science Undergraduate Programs Committee endorses the proposal for the Undergraduate Research Certificate. We stand ready to support this university-wide initiative and will encourage our eligible students to apply. The members will also commit to providing you with helpful comments during the roll out and implementation phase of this certificate program for continuous improvement. We unanimously think this is a great idea for FAU students and applaud your efforts in getting this through faculty governance.
