

Request for Chairs to Review the New Courses

On May 28, 2021, at 4:33 PM, Michael Brady <mbrady@fau.edu> wrote:

Chairs: Attached are syllabi for three courses we are hoping to add to the undergraduate curriculum for the **Academy for Community Inclusion**, FAU's Comprehensive Transition Program (CTP) for college students with intellectual and developmental disabilities. Each course covers an area of *executive functioning* (self-management, behavior planning, etc.) needed for people who have challenges accomplishing basic academic, social, employment, and personal care skills and routines. The classes are 2-credits each and will be open to all ACI students, as well as their peer mentors and other undergraduates in need of similar support strategies.

Will you please review the syllabi? If you agree that the courses do not conflict with the courses and curriculum in your department, will you send me a note to that effect at your earliest opportunity? I realize we are not holding regular COE curriculum committee reviews this summer, but I am lining this up for an early review once the regular governance work begins anew in the Fall.

Many thanks!
MB
