Dear Tim,

Thanks for sharing this information with me. WOH 4272 has been discontinued and deleted from the catalog. Other than that **the History Department is happy to be of assistance and thus formally agrees to allow Wilkes Honors College students to count these courses as electives in the international studies concentration.** Please let me know if you need anything else.

Kind regards,
Ben

Dear Nicole, Ben, and Kevin,

The concentration board at the Wilkes Honors College recently made some much-needed updates to our international studies concentration. Among other things, we wanted to formally expand the opportunities for our students to explore the geographical diversity and teaching expertise of your departments. This has always been done informally by students who register across colleges. But we wanted to formalize it in the concentration so that each elective international studies course would not require a special appeal form each time a student wants to count it toward the concentration (and so that DARS will actually pick up and count the correct electives in graduation checks).

The college currently only has only five declared concentrators in international studies. So this is unlikely to even be noticeable to the faculty members or the departments offering the courses. I would guess that one or two of our honors students a semester might take one of these classes.

The UUPC is now requesting letters from chairs/directors for any elective or required courses housed outside of the home department. So I'm writing to request your approval to include these courses in our concentration. If there is some reason not to include any of them please let me know and we can remove it. If you have no trouble allowing us to include them, please reply to all with you
Thank-you in advance for your assistance and feel free to write back with any questions or concerns.

Best,

Tim

Hi Tim,

Political Science approves the inclusion of our classes.

Best,

Kevin

I would love to have Women and Gender in the Global South included in this concentration. Thank you!

Nicole
