Hi Mihaela:

These look fine. One word of caution is think about whether or not students would want a masters along the way with this. That would be triple counting the credits and that is not something that we want to do. Just as long as students are aware of that, it should be fine. Or, they would have to craft a masters from credits other than the ones they have already double counted.

Best,
Debra

Dear Debra,

EECS department is proposing 3 combined BS-PhD programs, please see attached. Could you please review and send us feedback?

The programs are currently under review by the College of Eng & CS committees.

Best regards,
Mihaela
