Hi Pierre,

I just got a green light from the curriculum committee (not a surprise). So feel free to include these courses in your catalog.

Best,
Robin

Good afternoon Prof. Vallacher,

I am the Director of the Health Administration Program in the College of Business - Dept of Management. We are in the process of revising the gerontology certificate and would like to include EXP 4525 (Human Memory) and PSY 4302 (Personality Test and Measurement) as elective choices for your program. Can I have permission from your department to use these course names in our catalogue?

Sincerely,
Pierre
