RE: Expand eligibility in the FAU Max Planck Honors Program to include students who pursue the Medical BS degree in the College of Science (the FAU Max Planck Honors Program is a joint program between the College of Science and the Wilkes Honors College)

As per FAU's Honors Curriculum Manual, this change to the FAU Max Planck Honors Program was submitted to both the Charles E. Schmidt College of Science and the Harriet L. Wilkes Honors College Undergraduate Programs Committees. The proposal was then discussed by the University Honors Council on 28 October 2022. The UHC voted electronically and approved the proposal to expand eligibility to the program.

We are now asking the UUPC to consider this eligibility expansion to the FAU Max Planck Honors Program and give it approval for inclusion in the catalog. Thank you.
