Change Program*

Effective Date
(TERM & YEAR)

Spring 2024

Please explain the requested change(s) and offer rationale below or on an attachment.

The request is to add Information Design as an elective course to the course catalog for students in the BFA in Art - Graphic Design Concentration. After recent curricular changes students need to take more design electives for their degree. This elective course has been taught twice as a Special Topics course. The addition of the course will provide students with another elective in a relevant area of practice for professional designers.

*All new programs and changes to existing programs must be accompanied by a catalog entry showing the new or proposed changes.
