Good afternoon Bill - Biology has no objection to the addition of Honors level Anatomy and Physiology I into your program.

Best,  
Sarah

Subject: Same request regarding BSC 2085/L

Hi Sarah,

Like the preceding request, we're also adding BSC 2085 and BSC 2085L, Honors Anatomy and Physiology 1/Lab, to our offerings in the honors college (we already have BSC 2086/L in our catalog). Can you please send a note of support that we can include with the proposal?

Thanks,

Bill
