Change Program*

Effective Date
(TERM & YEAR)

Spring 2025

Please explain the requested change(s) and offer rationale below or on an attachment.

This new minor allows non-music majors who have an interest in continuing their musical pursuits a way to do so. Currently, non-majors are able to audition for music ensembles, often as zero credit courses. This minor allows them a vehicle to do so for credit, and with access to music courses and facilities otherwise reserved only for majors. This minor will generate new SCH for the Department of Music, as courses and seats are already available. By requiring one of Music's two IFP courses, this minor may be added to a degree program with minimal additional credits, nine. In consultation with University Advising, we believe there is significant demand for this minor.

*All new programs and changes to existing programs must be accompanied by a catalog entry showing the new or proposed changes.
