Hi Nich —

We should have no problem, as all our upper division courses have been changed already to 3 credits. I'm not entirely happy with the results, but that is how we are operating.

Cheers,

Brian

Hi Brian,

The Philosophy Department is making some changes to our curriculum. One of the changes we are making is to change our 4 credit courses to 3 credits. Aesthetics and Art Theory is one of these courses. We just wanted to give you a heads up and ask if you had any questions or concerns about this change, as we know that the course is part of the BA in Art History.

All the best,

Nich
