Dear Dr. Whitehurst,

Thank you for giving me the opportunity to review the new undergraduate course proposal HSC 2101, Physical Behavior Across the Lifespan. I do not see any conflict with any of the undergraduate or graduate courses that the Communication Sciences and Disorders Program offers. It looks to be a very relevant and interesting addition to the ESHP curriculum.

With best regards,
Dr. Deena Louise Wener

Mike – I reviewed the syllabus and your cover form. I do not see any conflict or overlap with courses or the curriculum in the ESE Department. Good luck!
