Re: Catalog Change

The Department of Information Technology and Operations Management (ITOM) proposes the following change to the University Catalog. We want to change the current name of "Business Intelligence Minor and Certificate" to "Business Analytics Minor and Certificate". This is to make the language consistent in the program description as we did the name change of the Major concentration in the fall 2011, but not for the Minor and the Certificate programs.

The faculty voted in favor of such changes in the program description on February 2, 2012. Should you require anything further, please contact Tamara Dinev, College of Business, FL218, extension 7-3181.

Thank you for your consideration.
