Chairs,

My colleagues, Drs. Zourdos and Hall have provided documents associated with undergraduate program changes. Please review and let me know if these changes conflict with the programs in your departments. If no, be indicate in kind. Thanks,
Mike

Subject: UG Curriculum

Hey Mike,

Please find attached all the forms needed for the UG curriculum changes. This includes all the change/new course forms that you signed, the program rationale, word documents detailing the changes, the catalog wording, syllabi for all classes, and current and proposed contracts. Before we submit to the committee we need to get approval from all the chairs in the COE. I've included Dr. Hall here just so he's aware because well...he did a TON (probably more than me), so I wanted to make sure that was noted.

Anyway, can you forward the attached documents to the chairs and ask them to approve/state they have no conflict for both the new course AND program changes? The deadline to submit to the committee is October 12th (Friday), so we would need the chairs responses by the end of the day tomorrow - but that shouldn't be unfeasible.

Anyway, thanks Mike. Please let me know if you need anything else. Hopefully the chairs are good to go and we can submit the committee this week.
