Good morning:

Please find attached the syllabus for courses at the Bachelors and Masters level in Social Work. These courses were previously offered as conjoint courses (1 at the BSW and 1 at MSW level). These courses will now be separated into two courses at the BSW level and two courses at the MSW level. I am requesting that you review and provide comments if you feel as though your department will be affected by these new courses.

Thank you very much!

Good morning Dr. Wilcox:

I wanted to ensure you had a copy of the four syllabi for new courses we are proposing at the BSW and MSW levels. These courses were already offered in the School of Social work, but they were previously conjoint (families and groups in one class). We have now separated them into two courses, but wanted to ensure they did not conflict with any courses in Psychology.
