Hi Sir,

Here's Sociology's support for AMH 3500

Subject: RE: Seeking Sociology input for proposed course on History of Labor

Hi Eric,

This seems to me to complement our courses very nicely. We do not find any inappropriate curricular overlap.
Best -- Mark

Subject: Seeking Sociology input for proposed course on History of Labor

Hi Mark:

Evan Bennett is proposing a new course, AMH 3500, *Work and Workers in U.S. History*. Our Department UPC will be reviewing the syllabus/form during its meeting next Friday. We plan on submitting it for review at the College UPC meeting in late October.

Sociology's course offerings make it one of the "affected" departments by Evan's course and, to that end, we're seeking your response to the course (in the form of a formal e-mail, etc.)

We can discuss this at the meeting next week if you like.
