Graduate College:

I am requesting that the two courses, *Biotechnology Laboratory 1* (BSC 4403L, 2 credits) and *Biotechnology Laboratory 2* (BSC 4448L, 2 credits), be consolidated into one course entitled *Laboratory Methods in Biotechnology* (BSC 4403L, 3 credits). Simultaneously, *Biotechnology Laboratory 2* (BSC 4448L, 2 credits) will be terminated.

I have redesigned the course and its manual to meet the needs to combine the two courses into one. This change will make it easier for students to arrange their course load to fit within the credit requirements. I am attaching the updated syllabus and two course change request forms.

Sincerely,
