SAFETY INFORMATION SHEET

LECTURE CLASSES – GENERAL SAFETY

WHAT THIS SHEET APPLIES TO:

Faculty and student participants in lecture classes.

RISKS INCLUDE:

Emergencies due to sudden student or faculty illness; injury due to slips and falls or heavy lifting.

GUIDELINES, RULES, AND PROCEDURES:

- No individual should attempt to move heavy furniture without assistance.
- Event supervisors (student or faculty) should make certain that the floor is clean and dry.
- Participants with special health concerns should inform the event supervisor.
- Appropriate footgear and clothing should be worn at all times.
- Know the location of the nearest first-aid station, phone, fire extinguisher, fire alarm pull station, and fire exit at all times.
- "Buddy up" when traveling to and from classes, particularly at night.

FOR FURTHER UNDERSTANDING:

See the Technical Director’s web site for textual and internet resources
